

# LEAVING A SAFETY LEGACY – KEYNOTE PRESENTATION

**“Wylie offers much more than just a safety message!”**

***What is Leaving a Safety Legacy all about?***

This presentation addresses two of the hardest challenges many companies face today:

**Compliance and Engagement.**

By challenging the status quo and the “what’s in it for me” mentality, this message effectively helps attendees overcome those obstacles by having them walk away with a clear understanding of how their safe actions impact themselves, as well as others, and allows them to make a personal connection to the reasons why it’s important to be safe.

If you’re looking for the perfect message that your conference needs, and your attendees deserve to put a charge to your event, then look no further, because this message is for you!

**“I have never had a speaker that I connected with as much as Wylie”**

***What can attendees expect?***

In this presentation Wylie utilizes both his training as well as real-world experiences that he has gained, to share with the audience the perfect mix of high energy, humor, and insight that attendees enjoy and take away from.

Wylie’s infectious presentation style and thought-provoking anecdotes connect with the audience on a personal level, creating valuable tools for both the company and the employee, that they can implement immediately after the session.

**“Your presentation resonated deeply across all levels of experience”**

***Who benefits most from this session?***

One of the best takeaways of this presentation is that every attendee can relate to it at some point on a personal level. From entry level employees to C-Suite executives, this message has something for everyone. By challenging them to reflect on ways that they can give back to those around them, attendees discover what is most important to them and as a result helps them close the gap between having to be safe and intrinsically wanting to be, ultimately creating their own safety legacy.

# MAKE YOUR NEXT EVENT LEGENDARY!

**"Wylie had our audience laughing, crying, and wanting for more!"**

– Cheryl Lees  
Safety Advocate

Companies and events find Davidson the “go-to” voice to bring teams and organizations together driven by an infectious message fueled by a powerful compassion for change. By empowering people to find their “why”, Davidson uncovers the key elements to “*leaving a lasting legacy*” in others.

Wylie Davidson is renowned as a force on keynote stages and in the workplace culture arena and is widely regarded as being one of the most impactful speakers in the industry. Wylie is recognized by his effective communication, storytelling, and ability to energize audiences. His keynote program has been featured on some of the largest stages in the safety world and his message resounds with his audiences!

A great keynote speaker does not just deliver a message, they know the audience, and Davidson knows the audience, because he's one of you. Working his way up from the start, Davidson delivers the energy that companies need, and employees deserve. Audiences sense the energy, the unspoken signals, and the shift in emotion in real time. That ability is rare. It requires emotional intelligence and a special skill that separates the unforgettable speaker from average ones.

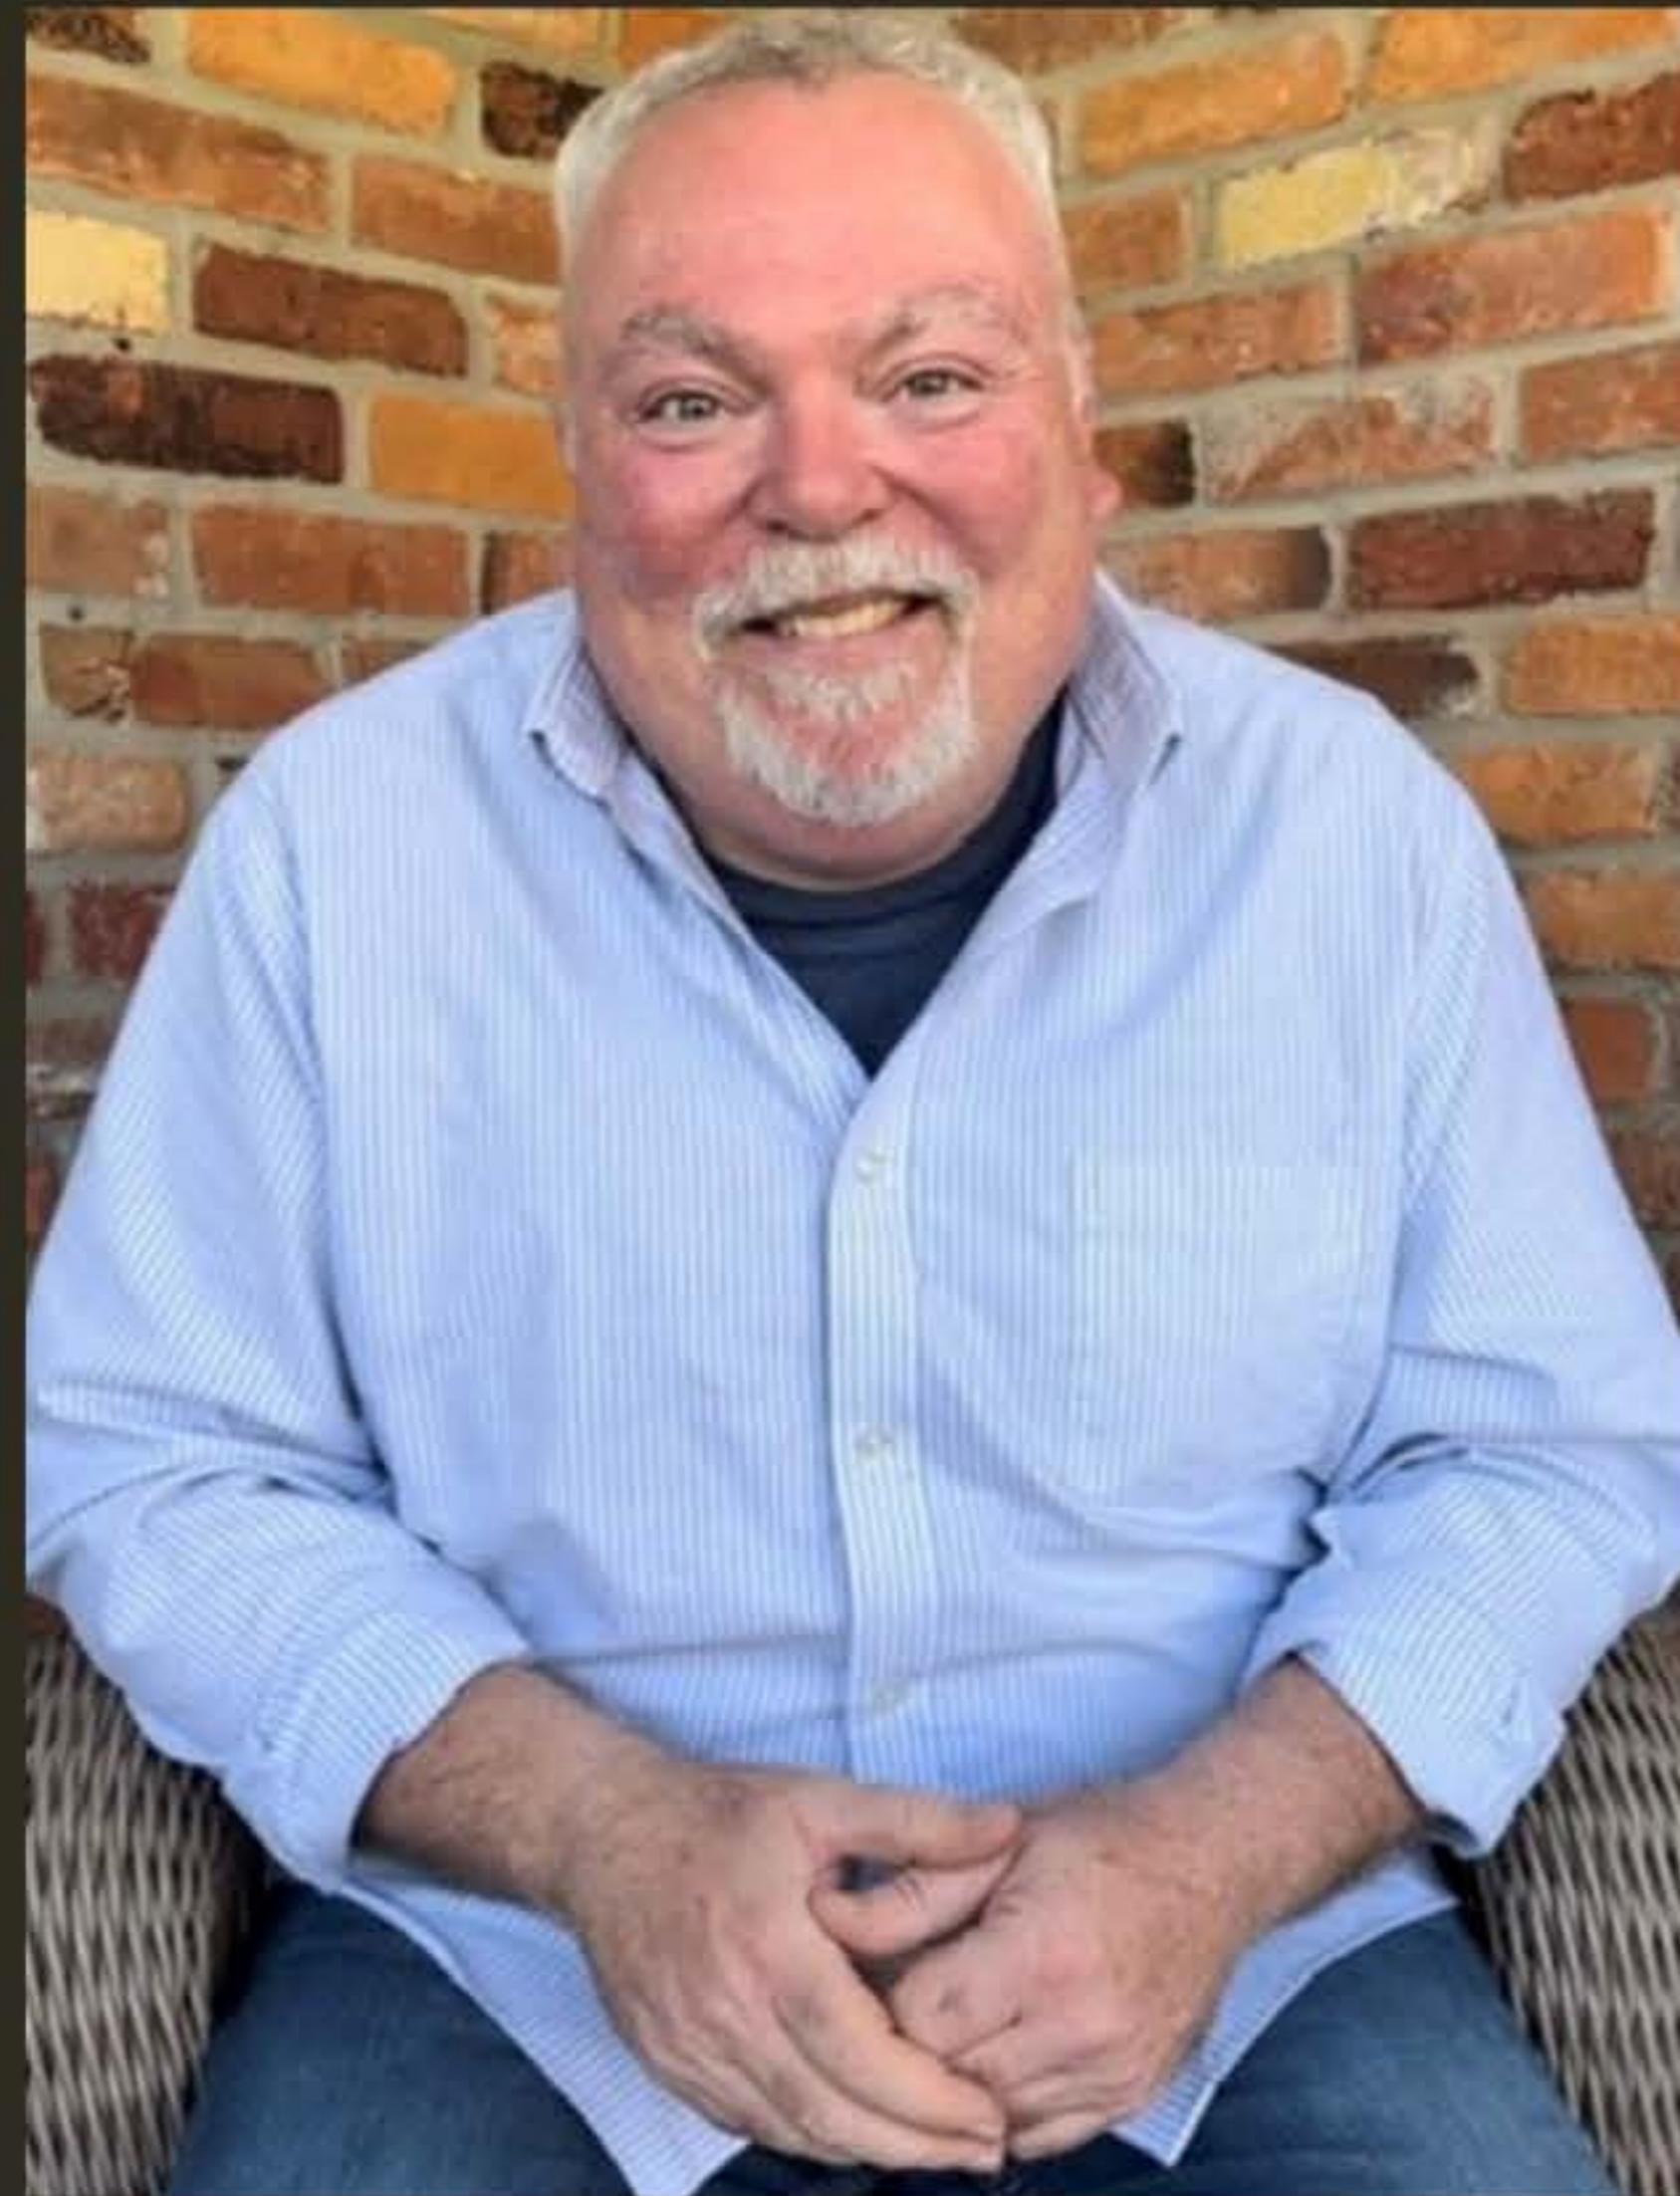

Unlike what most speakers are attempting to do, get the audience to hear what they have to say, Davidson attempts to focus on what the audiences feel. By showing the audience his genuine personality, they create a bond, a connection, that carries on long after the applause fades. often referred to as “Infectious” or “one of us”, the audience finds him engaging and heartfelt, gleaning from him valuable insight to be a change agent for improved workplace culture.

# WYLIE DAVIDSON – ABOUT

**“Wylie offers much more than just a safety message!”**

Wylie Davidson is an International motivational speaker and safety culture specialist from Buffalo New York. His ability to energize audiences while getting them to rethink their own personal safety values has been an effective resource with hundreds of companies at facilities all over the US, Canada, and Mexico. His unique ability to add fun and humor to a safety message has made him a desired speaker with companies looking to reset their own safety culture or to give a charge to an existing one.

**“I have never had a speaker that I connected with as much as Wylie”**

With over 10 years in the safety world, coupled with 20 years in management, working his way up from the start, he has seen both sides of what an effective safety culture looks like, and his insight resounds with his audience. Attendees find him both engaging and heartfelt, often referring to him as “one of us”. From entry-level employee to C-Suite Executive, attendees walk away with a fresh sense of what safety means to them, as well as their co-workers and family, creating a stronger level of personal and professional “buy-in” to a safety culture.

*“At the end of it all, I hope to leave this life with my heart full, and my tank empty. No regrets, just a legacy filled with great memories that others can take from and use in their own lives.”*  
- Wylie

**“Your presentation resonated deeply across all levels of experience”**

Wylie has been the Keynote or Featured presenter at numerous national and regional accounts that include: John Deere, Exxon-Mobil, Kellogg's, Georgia-Pacific, Anheuser-Busch and Toyota as well as numerous National and Regional conferences throughout the United States and Canada. He has visited and toured hundreds of manufacturing plants and job sites that include virtually every aspect of industry, construction, municipality, and utility.
